Ann

I can go over the process with the team again. Can you schedule me at the beginning of the agenda?

Subject: Flint Hills Technical Project Team Meeting - Dec. 1

Hi Brandon-

The next technical project team meeting is Dec. 1 in Anchorage. I don't know if you were already planning to call in for that, but I would like to put you on the agenda again to describe the status of the benchmark development, preliminary assessment, and scoring. You can explain to Flint Hills and the whole project team, including Steve and probably Larry too, EPA's approach at the same time. Questions about the status of this process are sure to come up in this meeting, particularly if the PPRTV is published by then.

Please confirm with myself or JoAnn Grady if you can make it. I think it would be extremely valuable.

Thanks,
Ann
